NOVEMBER  
EXAM

## GRADE 8 BRICKS

Our aim is for learners to become involved and loyal members of the school. Our grade 8s are known as “bricks”. The philosophy behind it is that grade 8 learners are starting to build their high school career, based on a foundation laid in primary school. By the time they reach grade 12, it is the roof over their building or the conclusion of their school career. Each brick should be cemented into a mighty wall of learners who strive to protect and uphold everything which is fair and just.

It is also tradition for grade 8s to carry a brick for the duration of their orientation and on the last day, their brick, dressed in their primary school clothes is ceremoniously left behind to start their high school career.
