

SCHOOL MATTERS

FROM THE HEADMASTER'S OFFICE

An investment in knowledge pays the best interest.

Benjamin Franklin

Congratulations to every learner (and parent) who was honoured during one of our two academic award ceremonies on Tuesday evening. You have certainly earned good interest on your academic investment. Midstream College was also able to pay tribute to the matrics of 2024 with their brilliant results. The Department of Basic Education has also published their analysis of top public schools. The public school with the most Mathematics distinctions in the country has 54 out of 246 that take Maths. Midstream's 162 matrics who offered Mathematics amassed 77 distinctions! We salute you.

Live as if you were to die tomorrow. Learn as if you were to live forever.

I believe and trust our learners maintain this delicate balance. The mass participation in our inter-house meetings proves that they are alive to the fullest and seize every opportunity. Good luck to our swimmers who have to defend their title at the A-league swimming gala on Tuesday. Enjoy!

I would also like to point out to every parent that the athletics inter-high on Friday, 21 February is a compulsory Carpe Diem moment. We are organising the event and are going to need every learner, either as an athlete, spectator or helper. Thank you for everyone's support in this regard. We should be back from Pilditch in the early evening.

A warm welcome to all the grade eights and their parents who are now fully-fledged Midstream College learners after their inauguration last Thursday. Thank you also to all the grade eight parents who attended this morning's Coffee-with-Carel session. Grade 9 to 12 parents will have their Coffee-with-Carel opportunity on Thursday, 13 February. Should you wish to attend, kindly RSVP via the following link [C-W-C](#).

Last but certainly not least, I would like to thank every teacher who survived January and made all of the above possible.
