NEWSLETTER 2 | 5 FEBRUARY 2026

## SCHOOL MATTERS

### FROM THE HEADMASTER'S OFFICE

*The future belongs to those who believe in the beauty of their dreams.*

*- Eleanor Roosevelt*

Congratulations to our 268 grade 8s, as well as their parents, who were inaugurated as fully-fledged Midstream College learners last Thursday. I believe their five years will be filled with many *carpe diem* moments and that they will pursue their dreams. Allow me also to convey a word of thanks to our head leaders, prefects and teachers who have all contributed to their successful orientation.

Our summer sports are already halfway through their season, and we are excited about the opportunities that February presents. I hope to see many of our learners and parents at our home athletics meeting tomorrow afternoon and evening. The A-league swimming and athletics inter-highs towards the end of the month are highlights to look forward to. The College's cricket teams are also rewriting the record books. Not only do we have eight cricket teams playing, but they are also performing brilliantly. Please consult the sport section of this newsletter for detailed results.

Culturally, most of the auditions have already been completed and rehearsals will start soon. My heart goes out to the learners who may not have been selected for their dream activity; hopefully it gives you the opportunity to chase new dreams. A word of thanks to the parents and learners who have supported and embraced our *Bell to Bell, No Cell* policy.

I would like to invite grade 8 to 12 parents to our first *Coffee-with-Care!* event on Thursday morning, 19 February at 07:30 in the College HUB. During this informal event, we have an opportunity to get to know each other a little better and share any concerns, uncertainties or wisdom with each other. Should you wish to attend, kindly RSVP via the following link: [C-W-C](#).

## GRADE 12 INFORMATION EVENING

We would like to invite the grade 12 parents and learners to our information evening in the hall on Tuesday, 24 February at 18:30. Important grade 12 matters such as academics, university applications and the matric farewell will be discussed. We hope to see you all there.

## BICYCLES AND ELECTRIC SCOOTERS

The safety of learners, teachers and visitors on the school grounds is a top priority. Due to several incidents involving bicycles, electric scooters and scooters, it has been decided to prohibit the driving of the said means of transport on the school grounds. Learners must get off at all school gates and push the means of transport up to dedicated bicycle sheds or stands. General road safety of our learners in the estate is also a concern. We therefore urge you to discuss this with your child.
